(No. 1372.)

ORDERS BY THE HONORABLE THE VICE PRESIDENT IN COUNCIL.

JUDICIAL AND REVENUE DEPARTMENT,
THE 14TH JULY, 1834.

The Principal Sudder Ameen, Sudder Ameen, and Moonsiffs, and the Deputy Collectors, appointed under the provisions of Regulation IX. 1833, are hereby prohibited, under pain of dismissal from office, from employing, or retaining, on their establishments any person being their private Creditor, or any relative, dependant, or surety of such Creditor, and from borrowing money from, or in any way incurring debt to any Zemindar, Talookdar, Ryot, or other person possessing real property, or residing in, or having a Commercial Establishment within the City, District, or Division to which their authority may extend.

If any Principal Sudder Ameen, or other of the Officers abovementioned, who may be now in debt shall, at the expiration of one year from the publication of this Order, be still indebted to any person from whom it would at such period be illegal for him to borrow under the above rule, it shall be incumbent on such Officer to make known the circumstance to the Zillah or City Judge, or to the Collector, to whom he may be subordinate, for communication to the Government, if the Officer be a Principal Sudder Ameen, Sudder Ameen, or Deputy Collector, and to the Sudder Dewany Adami, if the Officer be a Moonsiff, and to the

event of intimation not being so given, the same penalty shall attach to the said Officer, as if the debt had been incurred subsequently to the publication of this Order.

In like manner, if any person who may be a candidate for the office of Principal Sudder Ameen, Sudder Ameen, Moonsiff, or Deputy Collector, shall, at the time of applying for such office, be indebted to any person with whom it would be illegal for him to contract a loan while holding it, it shall incumbent on such person, in preferring his application, to make known the circumstance to the Judge of the City or District, or to the Collector, for communication to superior authority, as before stated; and failing to do so, he shall, in the event of his being appointed to the said office, be subject to the same penalty, as if the debt had been contracted subsequently to his appointment.

THE 28TH JULY, 1834.

The Honorable the Vice President in Council is pleased to make the following Appointments:

Mr. R. M. Bird, a Member of the Sudder Board of Revenue at Allahabad.

Mr. H. Swetenham, Commissioner of Revenue and Circuit of the 3rd or Furruckabad Division.

Mr. H. M. Pigou, Magistrate and Collector of Furruckabad.

Mr. J. J. Ward, Assistant under the Commissioner of Revenue and Circuit of the 6th or Allahabad Division.

Mr. B. Golding to officiate as Civil and Session Judge of Sylhet. Mr. Golding will make over charge of the office of Magistrate and Collector of Tipperah to Mr. R. B. Garrett.

The following Officers have obtained leave of absence from their Stations:

Mr. J. B. Elliott, Special Commissioner under Regulation III. 1828, for the Division of Patna, for one month, on Medical Certificate.

Mr. H. C. Metcalfe, Assistant to the Magistrate and Collector of Ghazepore, for two months, on Medical Certificate, in extension of the leave granted to him on the 16th ultimo.

Mr. P. Taylor, Assistant to the Magistrate and Collector of Futtehpore, for three months, on private affairs.

Mr. J. W. McLeod, Second Commissioner of the Court of Requests, for twenty-five days, on private affairs.

The leave of absence, for six months, granted on the 38th ultimo, to Mr. R. Hampton, Assistant to the Magistrate and Collector of Ghazepore, is cancelled.

C. MACSWEEN, *Secy. to Govt.*

FORT WILLIAM, THE 26TH JULY, 1834.

NOTICE is hereby given, that the Hon'ble Company's Cotton Factory, Buildings and Residence of the late Commercial Resident at Calpee, of which the following is a description, will be sold by Public Auction, in separate Lots, at the Cutcherry of the Office of the Collector of Cawnpore, on the 1st of September next, at 12 o'clock, the amount Purchase to be made good before the Parties be given possession. The Outstanding Balances for Salt-petre and Cotton due to the Hon'ble Company, to be sold with the Factory Buildings—a Statement of which may be seen on application to Mr. Bruce, the Accountant to the late Commercial Residency.

No. 1.

The Hon'ble Company's Cotton Factory at Calpee, stands on the right bank of the Jumna, about 500 yards from the river, and is conveniently situated between two roads, whereon its East and West Gates open, leading to the extensive Ghat.

The Factory consists of four Screw Houses, containing 10 Wooden and 2 Iron Screws, with Boxes and Appertenances complete, four large Storing Godowns, four Cleaning Houses, an extensive Dufferkhana, a Sepoy Guard Room, a ditto Cook Room, and three Sentry Boxes, three Pucka Wells, an Elephant Shed, and two Sheds for Carpenters and Blacksmiths, with a surrounding Cutch wall, from 4 to 8 feet high, having three entrances, and enclosing an area of 28 Begahs and 5 Biswas, on which the above-mentioned Buildings stand, (except the Sepoy Cook Room and a Sentry Box placed outside the Gates) and for which a Ground-rent of 10 Rupees per annum is paid.

The above Buildings, with the exception of one of the Cleaning Houses, the Elephant Shed, the Carpenters' and Blacksmiths' Sheds, and Compound Wall, are of Pucka Masonry, and except the four large Storing Godowns, (one of which stands at present unroofed, the others having flat Pucka roofs) and the three Sentry Boxes which have arched Pucka roofs, the other Buildings are roofed with Tiles, which, in the case of two of the Screw Houses, were substituted last year for the flat Pucka roofs they had before. The four Storing Godowns and three of the Cleaning Houses are paved with Flag Stones, the other Cleaning House and the four Screw Houses are floored with Pucka Masonry. Each Screw House has a broad tiled Verandah, supported on quadrangular Pucka pillars, and with Pucka flooring running the whole length of one side. All the Screw Houses and Storing Godowns have outside Pucka Stair-Cases, leading to the roofs, and each of the latter has from three to six strong Wooden Doors, with Bolts, Padlocks, &c.

All these Buildings are in good and serviceable order, (with exception of the unroofed Godown above noticed) and have been used up to the present time. The following is an abstract of the particulars of each Building, including such as could not be embraced in the above general description:—and where not otherwise specified, the Buildings are understood to be of Pucka Masonry.

Screw House, No. 1.—Erected in 1809, Walls 2½ feet thick, and 24 feet high, supporting tiled roof, which was last year substituted for the original Pucka Flat roof, Stair outside, inside measurement 85 feet by 28½. Tiled Verandah running along whole length of one side, 14½ feet broad within the quadrangular Pillars, ten in number, which support it, floor of interior and of Verandah Pucka, contains three Wooden Screws, with Boxes, Capstans, and other necessities complete, and in good order.

Screw House, No. 2.—Erected in 1817, Walls 2½ feet thick and 29 feet high; tiled roof substituted last year for former Flat Pucka roof; outside Stair, inside measurement 80 feet by 29; area divided into three Compartments by two transverse partitions, with two Doorways in each; tiled Verandah, length of one side, supported on 10 quadrangular Pillars, and 14 feet broad within these; floor of Verandah, and interior of Pucka Masonry, contains three Wooden Screws, with Boxes and necessities complete.

Screw House, No. 3.—Erected in 1828, one side of the lower story formed by North wall of Cleaning House, No. 1; Walls 2½ feet thick and 24 feet high; tiled roof, stair outside, inside measurement 52 feet by 25; tiled Verandah along one side, supported by 7 quadrangular Pillars, and 10 feet broad within these; floor of Verandah and of interior Pucka, contains two Iron Screws, having Brass Female Screws, with Boxes and Appertenances complete, for half screwing Bales.

Screw House, No. 4.—Erected in 1829, Walls 2½ feet thick and 23 feet high; tiled roof, stair outside, inside measurement 91 feet by 23; tiled Verandah along one side, 10 feet broad within the quadrangular Pillars, twelve in number; Pucka floor, contains four Wooden Screws, with Boxes and Appertenances complete.

Compound Wall.—Cutcha, with tiled coping; from four to eight feet high and 3,219 feet long, three entrances or gate ways, consisting of six pucka pillars, occupied by temporary gates of bamboo.

A SEPARATE LOT, No. 2.

Description of the Commercial Residency, Dwelling House, Cutcherry, Appertenances at Calpee.

The Commercial Residency House at Calpee is situated on the East side of the Town of Calpee, and on the right bank of the Jumna, within half a mile of the river. The Compound, including the small adjoining enclosure of the Cutcherry, consists of about 35 Bheegas of Ground, laid out

in Garden and Grass, and surrounded for the most part by a Mud Wall from 4 to 8 feet high, coped partly with Tiles and partly with Chunam, and at present very much out of repair, but between this Compound and the Cutcherry Premises, which are contiguous to one of the Bazars of the Town, there is a Pucka Wall from 5 to 7 feet high, which also extends so as to conceal some of the Out-offices. The Out-offices, built for the most part of Pucka Masonry, are numerous and ample, though generally much out of repair—there are two Pucka Wells on the Premises, and also a large and excellent Pucka Bath.

The Dwelling House itself rebuilt in 1828 on the site and plan of the former, with the addition of a Terrace, and greater elevation to the Walls, is large and commodious, covering a space of 183 feet in length by 76 feet in breadth, exclusive of the central projections on each side, formed by Portico, Steps, &c. It stands on a Terrace of Pucka Masonry four feet high, and pierced horizontally with flues. On the West side is a Portico, with Steps leading up to it, and on the East face a similar flight of Steps, ending in a small terraced landing place. On each side of these run open arched Verandahs 10 feet broad within the Pillars or Walls, those on the North having eight, and those on the South six arches. The height of the Walls of the Verandahs from the Terrace is 15½, and of the inner Walls 22½ feet, the thickness of each being two feet. The roof is flat, composed of Flag Stones, overlaid with Pucka Masonry, and on it are six raised Sky Lights, and five Chimneys. The principal apartment, divided by an arch in the centre, is situated transversely in the middle of the Building between the Portico and flight of Steps above noticed, and measures 63 feet by 20. From each side of the East end of this apartment run two enclosed Galleries, that on the North 74 feet by 14, and that on the South 54 by 14, opening on the one hand into the other apartments, into which the rest of the interior space is divided, and on the other upon the eastern Verandahs, by eleven Door ways, each 9 feet high and 5½ feet broad, furnished both with white glazed Doors and green Venetians. Five other apartments, three to the North, and two to South of the middle Public room, and used as a Buhard room, Writing room, Bed rooms, &c., occupy the centre of the Building, and measure respectively 42 by 18, 28 by 19, 24 by 19, 19 by 18, and 18 by 14, while four smaller apartments on the West side correspond with the before mentioned Galleries on the East. The above are exclusive also of six rooms, three at each end of the Building, used as Store rooms, Baths, &c. The rooms communicate with each other generally by glazed Doors, and all the out-door ways, which are the same in number and size on West side as on the East side already noticed, are furnished both with glazed and Venetian Doors. This Building is in good order, being at present occupied, and requires none but the usual petty repairs of Glass, White wash, &c.

The Offices attached are, a range 88 feet by 22, and 16 feet high, comprising Cook room, Bake house, and two Godowns, erected in 1817, Pucka, with flat roof of Masonry over planks, the latter being considerably decayed. Range of Servants' houses 91 feet by 15, and 9 feet high, of Pucka Masonry, with tiled Verandah in front, erected in 1800, much dilapidated, the planking supporting the terraced roof as well as some of the Beams being much decayed, and the roof having fallen in, in several places.

Meat House—Erected in 1812, of Cutcha Brick and Plaster, double circular Walls, 3 feet apart, interior 24 feet diameter, and containing Pucka dry Well 18 feet deep, roof tiled, serviceable.

Abdar Khana—Erected in 1812, 21 feet by 17, Pucka Walls and tiled roof, latter in bad repair.

Coal House—Built in 1809, 24 feet by 20, Pucka, with at roof, serviceable.

Stable, (Old)—Built in 1823, 63 feet by 28, Cutcha Walls and tiled roof, totally out of repair.

Stable, (New)—Erected in 1828, 41 feet by 28, Walls of Cutcha Brick plaster with tiled roof, Stalls for ten Horses, five on each side, in serviceable order.

The Farm Yard—Contains circular Pigeon House, with tiled roof, five houses for Poultry, two Tealeries, two Sheep houses, &c. &c.

Bath—The Bungalow which contains it was built in 1825, as a temporary Cutcherry, Walls Cutcha Brick, with tiled roof, in bad repair; the Bath 30 feet by 17, was built in 1828, and is in perfect repair.

The Compound Wall has three Gateways and a Wicket Door, two of the Gateways furnished with gates.

Within 100 yards of the Residency, with its out-offices as above described, and in a small enclosure through which lies the approach from the Bazar to the Residency Compound stands on a raised bank the Residency Cutcherry to

which a flight of Steps directly, and a path more circuitously ascend. This is a substantial building of Pucka Masonry, in good repair, (with the exception of some of the planking of the roof which is decayed) measuring outside 83 feet in length by 73 in breadth. The Walls are 2½ feet thick and 20 feet high, having a flat pucka roof. It contains four rooms, two of them having Fire-places, and measuring 30 feet by 26, the other two being 20 feet square. Besides these, there are five smaller apartments occupying two enclosed Verandahs. On the other two sides, the Verandahs are open, each having four arches, and are 10 feet broad within the outer Walls. The rooms communicate by unglazed folding doors, and the out-door ways on the front half of the building, six in number, are furnished both with white glass Doors and green Venetians, and those of the other half to the same number with green Venetians only. Within the Cutcherry Premises is also a Mahratta Baraduree, 75 feet in length, with tiled roof, (substituted last year for the original flat pucka roof) which has been used as a Sepoy Guard Room, also a pucka flat roofed Godown, 42 feet by 15, rather in bad repair.

These Premises are divided from the Residency Compound by the pucka wall mentioned in the description of the latter, and from the Bazar by a pucka wall from 5 to 8 feet high, having one gate-way. On another aspect, the backs of some of the Bazar houses form the boundary of this enclosure.

By Order of the Board of Trade,

J. ABBOTT, *Offg. Sec.*

TWO CAPITALISTS. The Island of Kotoobdenah, attached to the Collectorship of Zillah Chittagong, the Property of the State, having, according to a measurement lately completed under the personal superintendence of the Acting Collector, been found to contain a total area of 2953 Droons, 10 Kanecs, 17 Gundas, 3 Chowrees of Land, equal to about 56845 Bighahs, of which 1503 Droons, 2 Kanecs, 15 Gundas are under cultivation, 192 Droons, 11 Kanecs fallow, of old standing, and the remainder jungle and waste lands, of various descriptions, a considerable portion of which is capable of being gradually brought under cultivation. Tenders are hereby invited on the part of Capitalists for the Farm of the Island, which comprizes the several Mehals assessed at the several Jummahs detailed below.

The whole of the above Mehals are open to Farming offers, with the exception of the small Talook Azeemooddeen. Persons desirous of entering into Farming arrangements are requested to apply to the Acting Collector of Chittagong at an early date, stating the amount Annual Jumma they would be willing to engage at, the period they would be desirous of holding the Lease, and the Security they are prepared to furnish for the punctual discharge of the Engagements which may eventually be determined on.

The Island of Kotoobdenah is separated from the mainland by a deep and broad channel of the Sea, and is necessarily so distinct from the Lands of any other Zumeendaree, as to preclude the possibility of boundary disputes. Rice, of a very superior quality, is its staple produce, the crops are extremely luxuriant, and the facilities for Shipping the Grain for transport present an advantage not to be overlooked.

The eventual Farmers will be furnished with authenticated copies of the Signed Engagements entered into by the occupant Talookdars of the several Mehals.

Persons anxious to obtain more particular information, are requested to apply to the Acting Collector.

THE CAPITALISTS. The Island of Kotoobdeah, attached to the Collectorship of Zillah Chittagong, the Property of the State, having, according to a measurement lately completed under the personal superintendence of the Acting Collector, been found to contain a total area of 2953 Droons, 10 Kancees, 17 Gundas, 3 Cowrees of Land, equal to about 56845 Biggahs, of which 1698 Droons, 2 Kancees, 15 Gundas are under cultivation, 192 Droons, 11 Kancees fallow, of old standing, and the remainder jungle and waste lands, of various descriptions, a considerable portion of which is capable of being gradually brought under cultivation. Tenders are hereby invited on the part of Capitalists for the Farm of the Island, which comprizes the several Mehals assessed at the several Jummahs detailed below.

The whole of the above Mehals are open to Farming offers, with the exception of the small Talook Azeemooddeen. Persons desirous of entering into Farming arrangements are requested to apply to the Acting Collector of Chittagong at an early date, stating the amount Annual Jumma they would be willing to engage at, the period they would be desirous of holding the Lease, and the Security they are prepared to furnish for the punctual discharge of the Engagements which may eventually be determined on.

The Island of Kotoobdeah is separated from the mainland by a deep and broad channel of the Sea, and is necessarily so distinct from the Lands of any other Zumeendaree, as to preclude the possibility of boundary disputes. Rice, of a very superior quality, is its staple produce, the crops are extremely luxuriant, and the facilities for Shipping the Grain for transport present an advantage not to be overlooked.

The eventual Farmers will be furnished with authenticated copies of the Signed Engagements entered into by the occupant Talookdars of the several Mehals.

Persons anxious to obtain more particular information, are requested to apply to the Acting Collector.

GEORGE C. PLOWDEN, Offg. Collector.

FORT WILLIAM, THE 26TH JULY, 1834.

NOTICE is hereby given, that the Hon'ble Company's Cotton Factory, Buildings and Residence of the late Commercial Resident at Calpee, of which the following is a description, will be sold by Public Auction, in separate Lots, at the Cutcherry of the Office of the Collector of Cawnpore, on the 1st of September next, at 12 o'Clock, the amount Purchase to be made good before the Parties be given possession. The Outstanding Balances for Salt-petre and Cotton due to the Hon'ble Company, to be sold with the Factory Buildings—a Statement of which may be seen on application to Mr. Bruce, the Accountant to the late Commercial Residency.

No. 1.

The Hon'ble Company's Cotton Factory at Calpee, stands on the right bank of the Jumna, about 500 yards from the river, and is conveniently situated between two roads, whereon its East and West Gates open, leading to the extensive Ghat.

The Factory consists of four Screw Houses, containing 10 Wooden and 2 Iron Screws, with Boxes and Appertenances complete, four large Storing Godowns, four Cleaning Houses, an extensive Dufferkhana, a Sepoy Guard Room, a ditto Cook Room, and three Sentry Boxes, three Pucka Wells, an Elephant Shed, and two Sheds for Carpenters and Blacksmiths, with a surrounding Cutcha wall, from 4 to 8 feet high, having three entrances, and enclosing an area of 28 Begahs and 5 Biswas, on which the above-mentioned Buildings stand, (except the Sepoy Cook Room and a Sentry Box placed outside the Gates) and for which a Ground-rent of 10 Rupees per annum is paid.

The above Buildings, with the exception of one of the Cleaning Houses, the Elephant Shed, the Carpenters' and Blacksmiths' Sheds, and Compound Wall, are of Pucka Masonry, and except the four large Storing Godowns, (one of which stands at present unroofed, the others having flat Pucka roofs) and the three Sentry Boxes which have arched Pucka roofs, the other Buildings are roofed with Tiles, which, in the case of two of the Screw Houses, were substituted last year for the flat Pucka roofs they had before. The four Storing Godowns and three of the Cleaning Houses are paved with Flag Stones, the other Cleaning House and the four Screw Houses are floored with Pucka Masonry. Each Screw House has a broad tiled Verandah, supported on quadrangular Pucka pillars, and with Pucka flooring running the whole length of one side. All the Screw Houses and Storing Godowns have outside Pucka Stair-Cases, leading to the roofs, and each of the latter has from three to six strong Wooden Doors, with Bolts, Padlocks, &c.

All these Buildings are in good and serviceable order, (with exception of the unroofed Godown above noticed) and have been used up to the present time. The following is an abstract of the particulars of each Building, including such as could not be embraced in the above general description:—and where not otherwise specified, the Buildings are understood to be of Pucka Masonry.

Screw House, No. 1.—Erected in 1809, Walls 2½ feet thick, and 24 feet high, supporting tiled roof, which was last year substituted for the original Pucka Flat roof, Stair outside, inside measurement 85 feet by 26½, Tiled Verandah running along whole length of one side, 14½ feet broad within the quadrangular Pillars, ten in number, which support it, floor of interior and of Verandah Pucka, contains three Wooden Screws, with Boxes, Capstans, and other necessities complete, and in good order.

Screw House, No. 2.—Erected in 1817, Walls 2½ feet thick and 29 feet high; tiled roof substituted last year for former Flat Pucka roof; outside Stair, inside measurement 80 feet by 29; area divided into three Compartments by two transverse partitions, with two Doorways in each; tiled Verandah, length of one side, supported on 10 quadrangular Pillars, and 14 feet broad within these; floor of Verandah, and interior of Pucka Masonry, contains three Wooden Screws, with Boxes and necessities complete.

Screw House, No. 3.—Erected in 1828, one side of the lower story, formed by North wall of Cleaning House, No. 1; Walls 2½ feet thick and 24 feet high; tiled roof, stair outside, inside measurement 52 feet by 25; tiled Verandah along one side, supported by 7 quadrangular Pillars, and 10 feet broad within these; floor of Verandah and of interior Pucka, contains two Iron Screws, having Brass Female Screws, with Boxes and Appertenances complete, for half screwing Bales.

Screw House, No. 4.—Erected in 1829, Walls 2½ feet thick and 23 feet high; tiled roof, stair outside, inside measurement 91 feet by 23; tiled Verandah along one side, 19 feet broad within the quadrangular Pillars, twelve in number; Pucka floor, contains four Wooden Screws, with Boxes and Appertenances complete.

Storing Godown, No. 1.—Erected in 1811, Walls 2½ feet thick and 30 feet high, flat roof, composed of pucka masonry over planks, and supported by three longitudinal ranges seven in each of quadrangular pillars; inside dimensions 84 feet by 80, floor paved with flag stones, stair outside; three doors, one in front and one at each end.

Storing Godown, No. 2.—Erected in 1818, Walls 3 feet thick and 28 feet high, and strengthened by 7 buttresses, stands at present unroofed, having been under repair, when instructions were received for the cessation of farther operations at the Factory; 31 of the 56 beams that supported the flat roof are on the spot; these were supported by three ranges of pillars three in each, with arches thrown between, which divided the interior into four longitudinal compartments; inside measurement 85 feet by 80, floored with flag stones, stair outside, four arched doors, one on each face.

Storing Godown, No. 3.—Erected in 1822, Walls 3 feet thick and 26 feet high; strengthened by 11 large and 4 small buttresses; roof flat, composed of flag stones, covered with pucka masonry, and having 20 raised sky lights, roof supported by four longitudinal and ten transverse ranges of arches, occupying the interior, which measures 160 feet by 80; floor partly laid with flag stones and partly pucka masonry, outside stair, six arched doors, two at each side and one at each end.

Storing Godown, No. 4.—Erected in 1823, Walls 2½ feet thick and 23 feet high, strengthened by nine buttresses; flat pucka roof of plank and masonry; outside stair; interior measurement 150 feet by 20; flag stone floor, six arched doors, four in front and one at each end.

Cleaning House, No. 1.—Erected 1808, and contiguous to Screw House, No. 3, Walls 2½ feet thick and 18 feet high, (flat pucka roof, with three raised sky lights) supported by range of quadrangular pillars along the middle of the interior; inside measurement 79 feet by 28, flag stone floor, five door ways, three in front and one at each end.

Cleaning House, No. 2.—Erected in 1808, Walls 2½ feet thick and 16 feet high, tiled roof, flag stone floor; inside measurement 142 feet by 28, eight door ways, six along the front and one at each end.

Cleaning House, No. 3.—Erected in 1818, arched Walls of pucka masonry, 2 feet thick and 9 feet high, tiled roof, supported by range of 14 quadrangular pillars along the middle of the interior; flag stone floor; inside measurement 195 feet by 27; at each end there is a tiled shed for the protection of bales to be opened for cleaning in bad weather.

Cleaning House, No. 4.—Erected in 1829, Walls of cutcha bricks, 11 feet high, roof tiled, range of eight quadrangular cutcha pucka pillars along the middle of the interior; inside measurement 90 feet by 27; floor pucka, five door ways, three in front and one at each end.

Dufferkhana.—Originally a Mahratta building, to which additions were made in 1809; consists of a quadrangle, measuring outside about 100 feet by 70, three sides of quadrangle (original) containing small arched Godowns, &c. considerably dilapidated; the fourth side rebuilt in 1809, contains six apartments, with enclosed tiled verandahs on two faces, and on the face towards interior of quadrangle, a tiled open ditto.

Sepoy Guard Room.—Erected in 1812; consists of one apartment, 40 feet by 19, with pucka Walls 2 feet thick, and tiled roof, supported by a middle range of three pillars within; floor pucka, two door ways.

Sepoy Cook Room.—Erected in 1818; consists of one apartment 26 feet by 8, with pucka Walls and tiled roof, situated outside the gate way, near which the Guard-room stands.

Three Sentry Boxes of pucka masonry, circular, with arched roofs; situated two at one gate way and one at another.

Three Pucka Wells.—In good order and about 90 feet deep; situated in different parts of the premises.

Elephant Shed.—Walls cutcha and roof tiled inside, measurement 28 by 22 feet, large door way at one end.

Sheds for Carpenters and Blacksmiths.—Two cutcha erections with tiled roofs, one about 50, the other about 30 feet long, situated at different parts of the premises along the compound wall.

Compound Wall.—Cutcha, with tiled coping; from four to eight feet high and 3,219 feet long, three entrances or gate ways, consisting of six pucka pillars, occupied by temporary gates of bamboo.

A SEPARATE LOT, No. 2.

Description of the Commercial Residency, Dwelling House, Cutchery, Appertenances at Calpee.

The Commercial Residency House at Calpee is situated on the East side of the Town of Calpee, and on the right bank of the Jumna, within half a mile of the river. The Compound, including the small adjoining enclosure of the Cutcherry, consists of about 35 Bheegahs of Ground, laid out

in Garden and Grass, and surrounded for the most part by a Mud Wall from 4 to 8 feet high, coped partly with Tiles and partly with Chunam, and at present very much out of repair, but between this Compound and the Cutcherry Premises, which are contiguous to one of the Bazars of the Town, there is a Pucka Wall from 5 to 7 feet high, which also extends so as to conceal some of the Out-offices. The Out-offices, built for the most part of Pucka Masonry, are numerous and ample, though generally much out of repair—there are two Pucka Wells on the Premises, and also a large and excellent Pucka Bath.

The Dwelling House itself rebuilt in 1828 on the site and plan of the former, with the addition of a Terrace, and greater elevation to the Walls, is large and commodious, covering a space of 183 feet in length by 76 feet in breadth, exclusive of the central projections on each side, formed by Portico, Steps, &c. It stands on a Terrace of Pucka Masonry four feet high, and pierced horizontally with flues. On the West side is a Portico, with Steps leading up to it, and on the East face a similar flight of Steps, ending in a small terraced landing place. On each side of these run open arched Verandahs 10 feet broad within the Pillars or Walls, those on the North having eight, and those on the South six arches. The height of the Walls of the Verandahs from the Terrace is 15½, and of the inner Walls 22½ feet, the thickness of each being two feet. The roof is flat, composed of Flag Stones, overlaid with Pucka Masonry, and on it are six raised Sky Lights, and five Chimneys. The principal apartment, divided by an arch in the centre, is situated transversely in the middle of the Building between the Portico and flight of Steps above noticed, and measures 63 feet by 20. From each side of the East end of this apartment run two enclosed Galleries, that on the North 74 feet by 14, and that on the South 58 by 14, opening on the one hand into the other apartments, into which the rest of the interior space is divided, and on the other upon the eastern Verandahs, by eleven Door ways, each 9 feet high and 5½ feet broad, furnished both with white glazed Doors and green Venetians. Five other apartments, three to the North, and two to South of the middle Public room, and used as a Billiard room, Writing room, Bed rooms, &c., occupy the centre of the Building, and measure respectively 42 by 18, 28 by 19, 24 by 19, 19 by 18, and 18 by 14, while four smaller apartments on the West side correspond with the before mentioned Galleries on the East. The above are exclusive also of six rooms, three at each end of the Building, used as Store rooms, Baths, &c. The rooms communicate with each other generally by glazed Doors, and all the outdoor ways, which are the same in number and size on West side as on the East side already noticed, are furnished both with glazed and Venetian Doors. This Building is in good order, being at present occupied, and requires none but the usual petty repairs of Glass, White wash, &c.

The Offices attached are, a range 88 feet by 22, and 16 feet high, comprising Cook room, Bake house, and two Godowns, erected in 1817, Pucka, with flat roof of Masonry over planks, the latter being considerably decayed. Range of Servants' houses 91 feet by 15, and 9 feet high, of Pucka Masonry, with tiled Verandah in front, erected in 1809, much dilapidated, the planking supporting the terraced roof as well as some of the Beams being much decayed, and the roof having fallen in, in several places.

Meat House—Erected in 1812, of Cutcha Brick and Plaster, double circular Walls, 3 feet apart, interior 24 feet diameter, and containing Pucka dry Well 18 feet deep, roof tiled, serviceable.

Abdar Khana—Erected in 1812, 21 feet by 17, Pucka Walls and tiled roof, latter in bad repair.

Coal House—Built in 1809, 24 feet by 20, Pucka, with flat roof, serviceable.

Stable, (Old)—Built in 1823, 63 feet by 28, Cutcha Walls and tiled roof, totally out of repair.

Stable, (New)—Erected in 1828, 41 feet by 28, Walls of Cutcha Brick plaster with tiled roof, Stalls for ten Horses, five on each side, in serviceable order.

The Farm Yard—Contains circular Pigeon House, with tiled roof, five houses for Poultry, two Tealeries, two Sheep houses, &c. &c.

Bath—The Bungalow which contains it was built in 1828, as a temporary Cutcherry, Walls Cutcha Brick, with tiled roof, in bad repair; the Bath 30 feet by 17, was built in 1828, and is in perfect repair.

The Compound Wall has three Gateways and a Wicket Door, two of the Gateways furnished with gates.

Within 100 yards of the Residency, with its out-offices as above described, and in a small enclosure through which the approach from the Bazar to the Residency Compound stands on a raised bank the Residency Cemetery to

which a flight of Steps directly, and a path more circuitously ascend. This is a substantial building of Pucka Masonry, in good repair, (with the exception of some of the planking of the roof which is decayed) measuring outside 83 feet in length by 73 in breadth. The Walls are 2½ feet thick and 20 feet high, having a flat pucka roof. It contains four rooms, two of them having Fire-places, and measuring 30 feet by 26, the other two being 20 feet square. Besides these, there are five smaller apartments occupying two enclosed Verandahs. On the other two sides, the Verandahs are open, each having four arches, and are 10 feet broad within the outer Walls. The rooms communicate by unglazed folding doors, and the outer-door ways on the front half of the building, six in number, are furnished both with white glass Doors and green Venetians, and those of the other half to the same number with green Venetians only. Within the Cutcherry Premises is also a Mahatta Baraduree, 75 feet in length, with tiled roof, (substituted last year for the original flat pucka roof) which has been used as a Sepoy Guard Room, also a pucka flat roofed Godown, 42 feet by 15, rather in bad repair.

These Premises are divided from the Residency Compound by the pucka wall mentioned in the description of the latter, and from the Bazar by a pucka wall from 5 to 8 feet high, having one gate-way. On another aspect, the backs of some of the Bazar houses form the boundary of this enclosure.

FORT WILLIAM, THE 26TH JULY, 1834.

NOTICE is hereby given, that the Hon'ble Company's Cotton Factory, Buildings and Residence of the late Commercial Resident at Calpee, of which the following is a description, will be sold by Public Auction, in separate Lots, at the Cutchery of the Office of the Collector of Cawnpore, on the 1st of September next, at 12 o'clock, the amount Purchase to be made good before the Parties be given possession. The Outstanding Balances for Salt-petre and Cotton due to the Hon'ble Company, to be sold with the Factory Buildings—a Statement of which may be seen on application to Mr Bruce, the Accountant to the late Commercial Residency.

No 1.

The Hon'ble Company's Cotton Factory at Calpee, stands on the right bank of the Jumna, about 500 yards from the river, and is conveniently situated between two roads, whereon its East and West Gates open, leading to the extensive Ghat.

The Factory consists of four Screw Houses, containing 10 Wooden and 2 Iron Screws, with Boxes and Appertinances complete, four large Storing Godowns, four Cleaning Houses, an extensive Duffekhana, a Sepoy Guard Room, a ditto Cook Room, and three Sentry Boxes, three Pucka Wells, an Elephant Shed, and two Sheds for Carpenters and Blacksmiths, with a surrounding Cutcha wall, from 4 to 8 feet high, having three entrances, and enclosing an area of 28 Beghas and 5 Biswas, on which the above-mentioned Buildings stand, (except the Sepoy Cook Room and a Sentry Box placed outside the Gates) and for which a Ground-rent of 10 Rupees per annum is paid.

The above Buildings, with the exception of one of the Cleaning Houses, the Elephant Shed, the Carpenters' and Blacksmiths' Sheds, and Compound Wall, are of Pucka Masonry, and except the four large Storing Godowns, (one of which stands at present unroofed, the others having flat Pucka roofs) and the three Sentry Boxes which have arched Pucka roofs, the other Buildings are roofed with Tiles, which, in the case of two of the Screw Houses, were substituted last year for the flat Pucka roofs they had before. The four Storing Godowns and three of the Cleaning Houses are paved with Flag Stones, the other Cleaning House and the four Screw Houses are floored with Pucka Masonry. Each Screw House has a broad tiled Verandah, supported on quadrangular Pucka pillars, and with Pucka flooring running the whole length of one side. All the Screw Houses and Storing Godowns have outside Pucka Stair-Cases, leading to the roofs, and each of the latter has from three to six strong Wooden Doors, with Bolts, Padlocks, &c.

All these Buildings are in good and servicable order, (with exception of the unroofed Godown above noticed) and have been used up to the present time. The following is an abstract of the particulars of each Building, including such as could not be embraced in the above general description:—and where not otherwise specified, the Buildings are understood to be of Pucka Masonry.

Screw House, No. 1.—Erected in 1809, Walls 2½ feet thick, and 24 feet high, supporting tiled roof, which was last year substituted for the original Pucka Flat roof, Stair outside, inside measurement 85 feet by 28½, Tiled Verandah running along whole length of one side, 14½ feet broad within the quadrangular Pillars, ten in number, which support it, floor of interior and of Verandah Pucka, contains three Wooden Screws, with Boxes, Capstans, and other necessities complete, and in good order.

Screw House, No. 2.—Erected in 1817, Walls 2½ feet thick and 29 feet high; tiled roof substituted last year for former Flat Pucka roof; outside Stair, inside measurement 66 feet by 29; area divided into three Compartments by two transverse partitions, with two Doorways in each; tiled Verandah, length of one side, supported on 10 quadrangular Pillars, and 14 feet broad within these; floor of Verandah, and interior of Pucka Masonry, contains three Wooden Screws, with Boxes and necessities complete.

Screw House, No. 3.—Erected in 1826, one side of the lower story formed by North wall of Cleaning House, No. 1; Walls 2½ feet thick and 24 feet high; tiled roof, stair outside, inside measurement 58 feet by 25; tiled Verandah along one side, supported by 7 quadrangular Pillars, and 10 feet broad within these; floor of Verandah and of interior Pucka, contains two Iron Screws, having Brass Female Screws, with Boxes and Appertinances complete, for half screwing Bales.

Screw House, No 4.—Erected in 1829, Walls 2½ feet thick and 23 feet high; tiled roof, stair outside, inside measurement 51 feet by 23; tiled Verandah along one side, 10 feet broad within the quadrangular Pillars, twelve in number; Pucka floor, contains four Wooden Screws, with Boxes and Appertinances complete.

Storing Godown, No. 1.—Erected in 1811, Walls 2½ feet thick and 30 feet high, flat roof, composed of pucka masonry over planks, and supported by three longitudinal ranges seven in each of quadrangular pillars; inside dimensions 84 feet by 80, floor paved with flag stones, stair outside; three doors, one in front and one at each end.

Storing Godown, No. 2.—Erected in 1818, Walls 3 feet thick and 28 feet high, and strengthened by 7 buttresses, stands at present unroofed, having been under repair, when instructions were received for the cessation of further operations at the Factory; 31 of the 56 beams that supported the flat roof are on the spot; these were supported by three ranges of pillars three in each, with arches thrown between, which divided the interior into four longitudinal compartments; inside measurement 85 feet by 80, floored with flag stones, stair outside, four arched doors, one on each face.

Storing Godown, No. 3.—Erected in 1822, Walls 3 feet thick and 26 feet high; strengthened by 11 large and 4 small buttresses; roof flat, composed of flag stones, covered with pucka masonry, and having 20 raised sky lights, roof supported by four longitudinal and ten transverse ranges of arches, occupying the interior, which measures 160 feet by 80; floor partly laid with flag stones and partly pucka masonry, outside stair, six arched doors, two at each side and one at each end.

Storing Godown, No 4.—Erected in 1823, Walls 2½ feet thick and 23 feet high, strengthened by nine buttresses; flat pucka roof of plank and masonry; outside stair; interior measurement 150 feet by 20; flag stone floor, six arched doors, four in front and one at each end.

Cleaning House, No 1.—Erected 1808, and contiguous to Screw House, No. 3, Walls 2½ feet thick and 18 feet high, (flat pucka roof, with three raised sky lights) supported by range of quadrangular pillars along the middle of the interior; inside measurement 79 feet by 28, flag stone floor, five door ways, three in front and one at each end.

Cleaning House, No. 2.—Erected in 1808, Walls 2½ feet thick and 16 feet high, tiled roof, flag stone floor; inside measurement 142 feet by 28, eight door ways, six along the front and one at each end.

Cleaning House, No. 3.—Erected in 1818, arched Walls of pucka masonry, 2 feet thick and 9 feet high, tiled roof, supported by range of 14 quadrangular pillars along the middle of the interior; flag stone floor; inside measurement 195 feet by 27; at each end there is a tiled shed for the protection of bales to be opened for cleaning in bad weather.

Cleaning House, No 4.—Erected in 1829, Walls of cutcha bricks, 11 feet high, roof tiled, range of eight quadrangular cutcha pucka pillars along the middle of the interior; inside measurement 90 feet by 27; floor pucka, five door ways, three in front and one at each end.

Duffekhana.—Originally a Mahratta building, to which additions were made in 1809; consists of a quadrangle, measuring outside about 100 feet by 70, three sides of quadrangle (original) containing small arched Godowns, &c. considerably dilapidated; the fourth side rebuilt in 1809, contains six apartments, with enclosed tiled verandahs on two faces, and on the face towards interior of quadrangle, a tiled open ditto.

Sepoy Guard Room.—Erected in 1812; consists of one apartment, 40 feet by 19, with pucka Walls 2 feet thick, and tiled roof, supported by a middle range of three pillars within; floor pucka, two door ways.

Sepoy Cook Room.—Erected in 1818; consists of one apartment 26 feet by 8, with pucka Walls and tiled roof, situated outside the gate way, near which the Guard room stands.

Three Sentry Boxes of pucka masonry, circular, with arched roofs; situated two at one gate way and one at another.

Three Pucka Wells.—In good order and about 90 feet deep; situated in different parts of the premises.

Elephant Shed.—Walls cutcha and roof tiled inside, measurement 28 by 22 feet, large door way at one end.

Sheds for Carpenters and Blacksmiths.—Two cutcha erections with tiled roofs, one about 36, the other about 30 feet long, situated at different parts of the premises along the compound wall.

Compound Wall.—Cutcha, with tiled coping; from four to eight feet high and 3,449 feet long, three entrances of gate ways, consisting of six pucka pillars, occupied by temporary gates of bamboo.

A SEPARATE LOT, No. 2.

Description of the Commercial Residency, Dwelling House, Cutchery, Appertinances at Calpee.

The Commercial Residency House at Calpee is situated on the East side of the Town of Calpee, and on the right bank of the Jumna, within half a mile of the river. The Compound, including the small adjoining enclosure of the Cutchery, consists of about 25 Beghas and 12 Biswas.

in Garden and Grass, and surrounded for the most part by a Mud Wall from 4 to 8 feet high, coped partly with Tiles and partly with Chumam, and at present very much out of repair, but between this Compound and the Cutcherry Premises, which are contiguous to one of the Bazars of the Town, there is a Pucka Wall from 5 to 7 feet high, which also extends so as to conceal some of the Out-offices. The Out-offices, built for the most part of Pucka Masonry, are numerous and ample, though generally much out of repair—there are two Pucka Wells on the Premises, and also a large and excellent Pucka Bath.

The Dwelling House itself rebuilt in 1828 on the site and plan of the former, with the addition of a Terrace, and greater elevation to the Walls, is large and commodious, covering a space of 183 feet in length by 76 feet in breadth, exclusive of the central projections on each side, formed by Portico, Steps, &c. It stands on a Terrace of Pucka Masonry four feet high, and pierced horizontally with flues. On the West side is a Portico, with Steps leading up to it, and on the East face a similar flight of Steps, ending in a small terraced landing place. On each side of these run open arched Verandahs 10 feet broad within the Pillars or Walls, those on the North having eight, and those on the South six arches. The height of the Walls of the Verandahs from the Terrace is 15½, and of the inner Walls 22½ feet, the thickness of each being two feet. The roof is flat, composed of Flag Stones, overlaid with Pucka Masonry, and on it are six raised Sky Lights, and five Chimneys. The principal apartment, divided by an arch in the centre, is situated transversely in the middle of the Building between the Portico and flight of Steps above noticed, and measures 64 feet by 20. From each side of the East end of this apartment run two enclosed Galleries, that on the North 74 feet by 14 and that on the South 58 by 14, opening on the one hand into the other apartments, into which the rest of the interior space is divided, and on the other upon the eastern Verandahs, by eleven Door ways, each 9 feet high and 5½ feet broad, furnished both with white glazed Doors and green Venetians. Five other apartments, three to the North, and two to South of the middle Public room, and used as a Billiard room, Writing room, Bed rooms &c., occupy the centre of the Building, and measure respectively 42 by 18, 28 by 19, 24 by 19, 19 by 14, and 14 by 14, while four smaller apartments on the West side correspond with the before mentioned Galleries on the East. The above are exclusive also of six rooms, three at each end of the Building, used as Store rooms, Baths, &c. The rooms communicate with each other generally by glazed Doors, and all the outdoor ways, which are the same in number and size on West side as on the East side already noticed, are furnished both with glazed and Venetian Doors. This Building is in good order, being at present occupied, and requires none but the usual petty repairs of Glass, White wash, &c.

The Offices attached are, a range 89 feet by 22, and 16 feet high, comprising Cook room, Bake house, and two Godowns, erected in 1817, Pucka, with flat roof of Masonry over planks, the latter being considerably decayed. Range of Servants' houses 91 feet by 15, and 9 feet high, of Pucka Masonry, with tiled Verandah in front, erected in 1809, much dilapidated, the planking supporting the terraced roof as well as some of the Beams being much decayed, and the roof having fallen in, in several places.

Meat House—Erected in 1812, of Cutcha Brick and Plaster, double circular Walls, 3 feet apart, interior 24 feet diameter, and containing Pucka dry Well 18 feet deep, roof tiled, serviceable.

Ahdar Khana—Erected in 1812, 21 feet by 17, Pucka Walls and tiled roof, latter in bad repair.

Cool House—Built in 1808, 24 feet by 20, Pucka, with flat roof, serviceable.

Stable, (Old)—Built in 1823, 63 feet by 28, Cutcha Walls and tiled roof, totally out of repair.

Stable, (New)—Erected in 1828, 41 feet by 28, Walls of Cutcha Brick plaster with tiled roof, Stalls for ten Horses, five on each side, in serviceable order.

The Farm Yard—Contains circular Pigeon House, with tiled roof, five houses for Poultry, two Tealeries, two Sheep houses, &c., &c.

Bath—The Bungalow which contains it was built in 1825, as a temporary Cutcherry, Walls Cutcha Brick, with tiled roof, in bad repair; the Bath 66 feet by 17, was built in 1828, and is in perfect repair.

The Compound Wall has three Gateways and a Wicket Door, two of the Gateways furnished with gates.

Within 100 yards of the Residency, with its out-offices as above described, and in a small enclosure through which lies the approach from the Bazar to the Residency Compound, stands an old built the Residency Cutcherry to

which a flight of Steps directly, and a path more circuitously ascend. This is a substantial building of Pucka Masonry, in good repair, (with the exception of some of the planking of the roof which is decayed) measuring outside 83 feet in length by 74 in breadth. The Walls are 24 feet thick and 20 feet high, having a flat pucka roof. It contains four rooms, two of them having fire-places, and measuring 30 feet by 26, the other two being 20 feet square. Besides these, there are five smaller apartments occupying two enclosed Verandahs. On the other two sides, the Verandahs are open, each having four arches, and are 10 feet broad within the outer Walls. The rooms communicate by unglazed folding doors, and the outdoor ways on the front half of the building, six in number, are furnished both with white glass Doors and green Venetians, and those of the other half to the same number with green Venetians only. Within the Cutcherry Premises is also a Mahantia Baradree, 75 feet in length, with tiled roof (substituted last year for the original flat pucka roof) which has been used as a Sepoy Guard Room, also a pucka flat roofed Godown, 12 feet by 15, rather in bad repair.

These Premises are divided from the Residency Compound by the pucka wall mentioned in the description of the latter, and from the Bazar by a pucka wall from 5 to 8 feet high, having one gate-way. On another aspect, the backs of some of the Bazar houses form the boundary of this enclosure.

By Order of the Board of Trade,

Court for the Relief of Insolvent Debtors at Calcutta.

In the matter of the Petition of JAMES CULLEN and ROBERT BROWNE, of Calcutta, Merchants and Agents, Insolvents, seeking the benefit of the Act of the ninth year of His late Majesty's Reign, entitled an Act to provide for the Relief of Insolvent Debtors in the East Indies. At a Court holden on Saturday the Ninth day of August one thousand eight hundred and thirty-four, before the Honorable Sir John Peter Grant, Knight, Justice of the Supreme Court, Upon the application of Mr. Turton, Counsel for and on behalf of Donald Macintyre, Esquire, the Assignee of the Estate and Effects of the said James Cullen and Robert Browne, and upon reading a Petition of the said Assignee, and Affidavit of the said Assignee sworn this day in verification of the matters and facts contained in the said Petition two office copies of Orders made in this matter on the Tenth day of January and the Eleventh day of January, in the year one thousand eight hundred and thirty-four, and an office copy of a Certificate of Protection from arrest of the said James Cullen and Robert Browne, all filed this day. It is Ordered that unless cause be shewn to the contrary on or before Saturday, the Sixth day of September next, the said Assignee be at liberty to defer the sale of Messuages, Lands, Tenements, Hereditaments and Premises, and several Factories and Shares of Factories and Concerns mentioned in the said Schedule of the said James Cullen and Robert Browne, as also of the several Ships or Vessels belonging to the Estate of the said James Cullen and Robert Browne, until one year from the first day of January now next ensuing, in case no price shall in the mean time be offered for any of them which in the opinion of the said Assignee it would be advantageous to the Creditors to accept, and that until such Messuages, Lands, Tenements and Hereditaments and Indigo Factories and Shares of Factories and Concerns and Ships and Vessels may be respectively sold, the said Assignee shall advance out of the funds in his hands as such Assignee as aforesaid, such sums of money as shall be adequate and sufficient for the purpose of carrying on the said Indigo Factories and Shares of Factories, and keeping the said Messuages, Lands, and Hereditaments, in tenantable repair, and for employing the said Ships or Vessels in addition to the several sums of money which the said Assignee has already advanced and laid out for the several purposes aforesaid. It is also Ordered that the said Assignee be authorized and empowered to raise such sums of money by way of mortgage of the said several property or any part thereof or otherwise as may be required for carrying on the said Factories and Shares therein, and employing the said Ships or Vessels, and for keeping the said Messuages, Lands, Tenements and Hereditaments in a tenantable order and condition until the whole can be sold without unnecessary sacrifice as opportunities occur.

TO CAPITALISTS.—The Island of Kotoobdeah, attached to the Collectorship of Zillah Chittagong, the Property of the State, having, according to a measurement lately completed under the personal superintendence of the Acting Collector, been found to contain a total area of 2053 Droons, 10 Kanees, 17 Gundas, 3 Cowrees of Land, equal to about 5084½ Biggahs, of which 1508 Droons, 2 Kanees, 15 Gundas are under cultivation, 192 Droons, 14 Kanees fallow, of old standing, and the remainder jungle and waste lands, of various descriptions, a considerable portion of which is capable of being gradually brought under cultivation. Tenders are hereby invited on the part of Capitalists for the Farm of the Island, which comprizes the several Mehals assessed at the several Jummahs detailed below.

The whole of the above Mehals are open to Farming offers, with the exception of the small Talook Azeemooddeen. Persons desirous of entering into Farming arrangements are requested to apply to the Acting Collector of Chittagong at an early date, stating the amount Annual Jumma they would be willing to engage at, the period they would be desirous of holding the Lease, and the Security they are prepared to furnish for the punctual discharge of the Engagements which may eventually be determined on.

The Island of Kotoobdeah is separated from the mainland by a deep and broad channel of the Sea, and is necessarily so distinct from the Lands of any other Zumeendaree, as to preclude the possibility of boundary disputes. Rice, of a very superior quality, is its staple produce, the crops are extremely luxuriant, and the facilities for Shipping the Grain for transport present an advantage not to be overlooked.

The eventual Farmers will be furnished with authenticated copies of the Signed Engagements entered into by the Talookdars of the several Mehals.

Persons anxious to obtain more particular information are requested to apply to the Acting Collector.

Calcutta, 16th July, 1834.

SEA CUSTOM HOUSE NOTICES.

TO protect from IMPOSITION such Persons as are strangers in Calcutta, and who employ Natives to transact Business for them at this Office, it is notified, that for every sum taken, as Government Customs or Duty, a receipted Bill is given under the signature of the Collector, or of his Deputy, or his Covenanted Assistant.

INDIGO Applications for Certificates relative to portions of Indigo, being less than 100 Maunds, remaining unexported under each Bond and also Applications for Renewed Bond, when the quantity remaining unexported amounts to 100 Maunds, or more, must be made at least 15 days prior to the expiration of the currency of the Bonds in question. In failure, all such Applications will be peremptorily rejected, and Indigo Bonds will be adjusted in pursuance of the Conditions specified in them, and of Orders from the Board of Customs, dated 14th November, 1823, and 2d January, 1826.

CLEARANCES, whether Inward or Outward, can be given only in REGULAR TURN, and it is for Commanders, or others on their part, to see that their Applications be duly noted with the date and hour of receipt by the Supervisors respectively. Applications for Outward Clearance (or Export Manifests) cannot be received, unless accompanied by Certificate of Inward Clearance, and it is required that such Applications be presented at least Five complete days previously to the date on which PORT CLEARANCE is denied, in order that time may be allowed for the adjustment of Export Cargoes: though it will be issued earlier if practicable. [N. B. By Order of Government, dated 16th January 1829, these Rules are equally applicable to the H. C.'s Regular and Chartered Ships.]

No FEES are taken for any AFFIDAVITS sworn in this Office on the subject of Custom House Business; nor are any FEES ever allowed to be taken by any Persons belonging to this Establishment, whether sitting within the Office, or stationed out of doors.

Importers of GUN POWDER, are requested to refer to the Notification, by order of the Board of Customs, dated the 18th, and published in the Government Gazette of 23d January, 1823.

The Proprietors of DOCK YARDS, and the PUBLIC at large, are requested to take notice, that no Goods, nor Packages, are allowed to be IMPORTED, EXPORTED, RE-LANDED, RE-SHIPED, TRANSHIPPED, or removed from VESSELS to SLOOPS or BOATS after Shipment, without due sanction from this Office;—whether the same be liable to, or exempt from DUTY. Attention is directed to Clause Seventh, Section XLV. to Sections LXI LXIV. LXXIV LXXXII. LXXXIII & LXXXIV of Regulation IX. 1810; and to Section III. of Regulation III. of 1830:—also to Clauses IV. and V. of the Government Notification of 28th June 1822, for Conditions of certain exemptions.

G. J. SIDDONS, *Collector Govt. Customs.*
Calcutta, 20th March, 1830.

SEA CUSTOMS.

NOTICE is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the forms of this Office, no Drawbacks, nor Certificates for other Presidencies, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III. Regulation III. of 1830.

If Goods which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for Re-land and subsequent Re-Export to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.

By Order of the Board of Customs,
G. J. SIDDONS,
Collector of Customs.
Calcutta Custom-House, the 29th September, 1832.

CALCUTTA CUSTOMS.

SEA DEPARTMENT.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not, subsequently Re-exported until after the Rowanahs are

time-expired, then such Goods are considered as fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken, if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired; and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections XXVI. and XXVII. of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export, and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portions of Goods being Re-landed, no such Certificates as those above described will be issued.

By Order of the Board of Customs, dated 26th February, 1833.

G. J. SIDDONS, *Collector.*

28th February, 1833.

CALCUTTA CUSTOMS.

ALL Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by order of the Board of Customs dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All Application for MAFFEE ROWANAHs, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.

G. J. SIDDONS, *Collector.*

SEA CUSTOMS.

NOTIFICATION.—The Public are hereby informed that with a view to the encouragement of persons engaged in Curing Provisions, Government has been pleased to direct that a Drawback should be allowed of the entire Import Duty levied upon any quantity of Salt actually used in the Curing of Provisions which shall afterwards be exported by sea.

Parties desirous of benefiting by this arrangement will make known their intention to this Office, when they will be informed of the Conditions to which, for the protection of the Public Revenue, it is required that they should conform.

It is to be understood, that the present relaxation of the existing law is liable to be revoked, if found to be productive of abuse.

By Order of the Board of Customs,
G. J. SIDDONS, *Collector.*

Calcutta Custom House, the 4th October, 1833.

CUSTOMS.

NOTICE is hereby given, under Orders from Government and from the Board of Customs, dated the 2d and 9th Instant, respectively, that no Duplicate or Additional Copies of Documents issued from this Office can be granted, except upon payment of a Fee of Five Rupees for each, to be placed to Credit of the Government. But Duplicate or Additional Copies of Documents of which the originals (stated to have been lost or mislaid) might eventually be used to the prejudice of Revenue, here or elsewhere, will on no account be granted.

11th June, 1834. G. J. SIDDONS, *Collector.*

FORT WILLIAM, THE 26TH JULY, 1834.

NOTICE is hereby given, that the Hon'ble Company's Cotton Factory, Buildings and Residence of the late Commercial Resident at Calpee, of which the following is a description, will be sold by Public Auction, in separate Lots, at the Cutchery of the Office of the Collector of Cawnpore, on the 1st of September next, at 12 o'clock, the amount Purchase to be made good before the Parties be given possession. The Outstanding Balances for Salt-petre and Cotton due to the Hon'ble Company, to be sold with the Factory Buildings—a Statement of which may be seen on application to Mr Bruce, the Accountant to the late Commercial Residency.

No 1.

The Hon'ble Company's Cotton Factory at Calpee, stands on the right bank of the Jumna, about 500 yards from the river, and is conveniently situated between two roads, whereon its East and West Gates open, leading to the extensive Ghat.

The Factory consists of four Screw Houses, containing 10 Wooden and 2 Iron Screws, with Boxes and Appertences complete, four large Storing Godowns, four Cleaning Houses, an extensive Dufferkhana, a Sepoy Guard Room, a ditto Cook Room, and three Sentry Boxes, three Pucka Wells, an Elephant Shed, and two Sheds for Carpenters and Blacksmiths, with a surrounding Cutch wall, from 4 to 8 feet high, having three entrances, and enclosing an area of 28 Begahs and 5 Biswas, on which the above-mentioned Buildings stand, (except the Sepoy Cook Room and a Sentry Box placed outside the Gates) and for which a Ground-rent of 10 Rupees per annum is paid.

The above Buildings, with the exception of one of the Cleaning Houses, the Elephant Shed, the Carpenters' and Blacksmiths' Sheds, and Compound Wall, are of Pucka Masonry, and except the four large Storing Godowns, (one of which stands at present unroofed, the others having flat Pucka roofs) and the three Sentry Boxes which have arched Pucka roofs, the other Buildings are roofed with Tiles, which, in the case of two of the Screw Houses, were substituted last year for the flat Pucka roofs they had before. The four Storing Godowns and three of the Cleaning Houses are paved with Flag Stones, the other Cleaning House and the four Screw Houses are floored with Pucka Masonry. Each Screw House has a broad tiled Verandah, supported on quadrangular Pucka pillars, and with Pucka flooring running the whole length of one side. All the Screw Houses and Storing Godowns have outside Pucka Stair-Cases, leading to the roofs, and each of the latter has from three to six strong Wooden Doors, with Bolts, Padlocks, &c.

All these Buildings are in good and serviceable order, (with exception of the unroofed Godown above noticed) and have been used up to the present time. The following is an abstract of the particulars of each Building, including such as could not be embraced in the above general description:—and where not otherwise specified, the Buildings are understood to be of Pucka Masonry.

Screw House, No. 1.—Erected in 1809, Walls 2½ feet thick, and 24 feet high, supporting tiled roof, which was last year substituted for the original Pucka Flat roof, Stair outside, inside measurement 85 feet by 28½. Tiled Verandah running along whole length of one side, 14½ feet broad within the quadrangular Pillars, ten in number, which support it, floor of interior and of Verandah Pucka, contains three Wooden Screws, with Boxes, Capstans, and other necessities complete, and in good order.

Screw House, No. 2.—Erected in 1817, Walls 2½ feet thick and 29 feet high; tiled roof substituted last year for former Flat Pucka roof; outside Stair, inside measurement 80 feet by 29; area divided into three Compartments by two transverse partitions, with two Doorways in each; tiled Verandah, length of one side, supported on 10 quadrangular Pillars, and 14 feet broad within these; floor of Verandah, and interior of Pucka Masonry, contains three Wooden Screws, with Boxes and necessities complete.

Screw House, No. 3.—Erected in 1828, one side of the lower story formed by North wall of Cleaning House, No. 1; Walls 2½ feet thick and 24 feet high; tiled roof, Stair outside, inside measurement 52 feet by 25; tiled Verandah along one side, supported by 7 quadrangular Pillars, and 10 feet broad within these; floor of Verandah and of interior Pucka, contains two Iron Screws, having Brass Female Screws, with Boxes and Appertences complete, for half working Bales.

Screw House, No. 4.—Erected in 1829, Walls 2½ feet thick and 22 feet high; tiled roof, Stair outside, inside measurement 91 feet by 23; tiled Verandah along one side, 10 feet broad within the quadrangular Pillars, twelve in number; Pucka floor, contains four Wooden Screws, with Boxes and Appertences complete.

Storing Godown, No. 1.—Erected in 1811, Walls 2½ feet thick and 30 feet high, flat roof, composed of pucka masonry over planks, and supported by three longitudinal ranges seven in each of quadrangular pillars; inside dimensions 84 feet by 80, floor paved with flag stones, Stair outside; three doors, one in front and one at each end.

Storing Godown, No. 2.—Erected in 1818, Walls 3 feet thick and 28 feet high, and strengthened by 7 buttresses, stands at present unroofed, having been under repair, when instructions were received for the cessation of farther operations at the Factory; 31 of the 56 beams that supported the flat roof are on the spot: these were supported by three ranges of pillars three in each, with arches thrown between, which divided the interior into four longitudinal compartments; inside measurement 85 feet by 80, floored with flag stones, Stair outside, four arched doors, one on each face.

Storing Godown, No. 3.—Erected in 1822, Walls 3 feet thick and 26 feet high; strengthened by 11 large and 4 small buttresses; roof flat, composed of flag stones, covered with pucka masonry, and having 20 raised sky lights, roof supported by four longitudinal and ten transverse ranges of arches, occupying the interior, which measures 160 feet by 80; floor partly laid with flag stones and partly pucka masonry, outside Stair, six arched doors, two at each side and one at each end.

Storing Godown, No. 4.—Erected in 1823, Walls 2½ feet thick and 23 feet high, strengthened by nine buttresses; flat pucka roof of plank and masonry; outside Stair; interior measurement 150 feet by 20; flag stone floor, six arched doors, four in front and one at each end.

Cleaning House, No. 1.—Erected 1808, and contiguous to Screw House, No. 3, Walls 2½ feet thick and 18 feet high, (flat pucka roof, with three raised sky lights) supported by range of quadrangular pillars along the middle of the interior; inside measurement 79 feet by 28, flag stone floor, five door ways, three in front and one at each end.

Cleaning House, No. 2.—Erected in 1808, Walls 2½ feet thick and 16 feet high, tiled roof, flag stone floor; inside measurement 142 feet by 26, eight door ways, six along the front and one at each end.

Cleaning House, No. 3.—Erected in 1818, arched Walls of pucka masonry, 2 feet thick and 9 feet high, tiled roof, supported by range of 14 quadrangular pillars along the middle of the interior; flag stone floor; inside measurement 195 feet by 27; at each end there is a tiled shed for the protection of bales to be opened for cleaning in bad weather.

Cleaning House, No. 4.—Erected in 1829, Walls of cutcha bricks, 11 feet high, roof tiled, range of eight quadrangular cutcha pillars along the middle of the interior; inside measurement 90 feet by 27; floor pucka, five door ways, three in front and one at each end.

Dufferkhana.—Originally a Mahratta building, to which additions were made in 1809; consists of a quadrangle, measuring outside about 100 feet by 70, three sides of quadrangle (original) containing small arched Godowns, &c. considerably dilapidated; the fourth side rebuilt in 1809, contains six apartments, with enclosed tiled verandahs on two faces, and on the face towards interior of quadrangle, a tiled open ditto.

Sepoy Guard Room.—Erected in 1812; consists of one apartment, 40 feet by 19, with pucka Walls 2 feet thick, and tiled roof, supported by a middle range of three pillars within; floor pucka, two door ways.

Sepoy Cook Room.—Erected in 1818; consists of one apartment 26 feet by 8, with pucka Walls and tiled roof, situated outside the gate way, near which the Guard-room stands.

Three Sentry Boxes of pucka masonry, circular, with arched roofs; situated two at one gate way and one at another.

Three Pucka Wells.—In good order and about 90 feet deep; situated in different parts of the premises.

Elephant Shed.—Walls cutcha and roof tiled inside, measurement 28 by 22 feet, large door way at one end.

Sheds for Carpenters and Blacksmiths.—Two cutcha erections with tiled roofs, one about 50, the other about 30 feet long, situated at different parts of the premises along the compound wall.

Compound Wall.—Cutcha, with tiled coping; from four to eight feet high and 2,219 feet long, three entrances or gate ways, consisting of six pucka pillars, occupied by temporary gates of bamboo.

A SEPARATE LOT, No. 2.

Description of the Commercial Residency, Dwelling House, Cutchery, Appertences at Calpee.

The Commercial Residency House at Calpee is situated on the East side of the Town of Calpee, and on the right bank of the Jumna, within half a mile of the river. The Compound, including the small adjoining enclosure of the Cutchery, consists of about 25 Bheegs of Ground, laid out

in Garden and Grass, and surrounded for the most part by a Mud Wall from 4 to 8 feet high, coped partly with Tiles and partly with Chunam, and at present very much out of repair, but between this Compound and the Cutcherry Premises, which are contiguous to one of the Bazars of the Town, there is a Pucka Wall from 5 to 7 feet high, which also extends so as to conceal some of the Out-offices. The Out-offices, built for the most part of Pucka Masonry, are numerous and ample, though generally much out of repair—there are two Pucka Wells on the Premises, and also a large and excellent Pucka Bath.

The Dwelling House itself rebuilt in 1828 on the site and plan of the former, with the addition of a Terrace, and greater elevation to the Walls, is large and commodious, covering a space of 183 feet in length by 76 feet in breadth, exclusive of the central projections on each side, formed by Portico, Steps, &c. It stands on a Terrace of Pucka Masonry four feet high, and pierced horizontally with flues. On the West side is a Portico, with Steps leading up to it, and on the East face a similar flight of Steps, ending in a small terraced landing place. On each side of these run open arched Verandahs 10 feet broad within the Pillars or Walls, those on the North having eight, and those on the South six arches. The height of the Walls of the Verandahs from the Terrace is 15½, and of the inner Walls 22½ feet, the thickness of each being two feet. The roof is flat, composed of Flag Stones, overlaid with Pucka Masonry, and on it are six raised Sky Lights, and five Chimneys. The principal apartment, divided by an arch in the centre, is situated transversely in the middle of the Building between the Portico and flight of Steps above noticed, and measures 63 feet by 20. From each side of the East end of this apartment run two enclosed Galleries, that on the North 74 feet by 14, and that on the South 54 by 14, opening on the one hand into the other apartments, into which the rest of the interior space is divided, and on the other upon the eastern Verandahs, by eleven Door ways, each 9 feet high and 5½ feet broad, furnished both with white glazed Doors and green Venetians. Five other apartments, three to the North, and two to South of the middle Public room, and used as a Billiard room, Writing room, Bed rooms, &c., occupy the centre of the Building, and measure respectively 42 by 18, 24 by 19, 24 by 19, 19 by 18, and 18 by 14, while four smaller apartments on the West side correspond with the before mentioned Galleries on the East. The above are exclusive also of six rooms, three at each end of the Building, used as Store rooms, Baths, &c. The rooms communicate with each other generally by glazed Doors, and all the out-door ways, which are the same in number and size on West side as on the East side already noticed, are furnished both with glazed and Venetian Doors. This Building is in good order, being at present occupied, and requires none but the usual petty repairs of Glass, White wash, &c.

The Offices attached are, a range 88 feet by 22, and 16 feet high, comprising Cook room, Bake house, and two Godowns, erected in 1817, Pucka, with flat roof of Masonry over planks, the latter being considerably decayed. Range of Servants' houses 91 feet by 15, and 9 feet high, of Pucka Masonry, with tiled Verandah in front, erected in 1809, much dilapidated, the planking supporting the terraced roof as well as some of the Beams being much decayed, and the roof having fallen in, in several places.

Meat House—Erected in 1812, of Cutcha Brick and Plaster, double circular Walls, 3 feet apart, interior 24 feet diameter, and containing Pucka dry Well 18 feet deep, roof tiled, serviceable.

Abdar Khana—Erected in 1812, 21 feet by 17, Pucka Walls and tiled roof, latter in bad repair.

Coal House—Built in 1809, 24 feet by 20, Pucka, with flat roof, serviceable.

Stable, (Old)—Built in 1823, 63 feet by 28, Cutcha Walls and tiled roof, totally out of repair.

Stable, (New)—Erected in 1828, 41 feet by 29, Walls of Cutcha Brick plaster with tiled roof, Stalls for ten Horses, five on each side, in serviceable order.

The Farm Yard—Contains circular Pigeon House, with tiled roof, five houses for Poultry, two Tealeries, two Sheep houses, &c. &c.

Bath—The Bungalow which contains it was built in 1825, as a temporary Cutcherry, Walls Cutcha Brick, with tiled roof, in bad repair; the Bath 30 feet by 17, was built in 1828, and is in perfect repair.

The Compound Wall has three Gateways and a Wicket Door, two of the Gateways furnished with gates.

Within 100 yards of the Residency, with its out-offices as above described, and in a small enclosure through which lies the approach from the Bazar to the Residency Compound stands on a raised bank the Residency Cutcherry to

which a flight of Steps directly, and a path more circuitously ascend. This is a substantial building of Pucka Masonry, in good repair, (with the exception of some of the planking of the roof which is decayed) measuring outside 83 feet in length by 73 in breadth. The Walls are 2½ feet thick and 20 feet high, having a flat pucka roof. It contains four rooms, two of them having fire-places, and measuring 30 feet by 28, the other two being 20 feet square. Besides these, there are five smaller apartments occupying two enclosed Verandahs. On the other two sides, the Verandahs are open, each having four arches, and are 10 feet broad within the outer Walls. The rooms communicate by unglazed folding doors, and the out-door ways on the front half of the building, six in number, are furnished both with white glass Doors and green Venetians, and those of the other half to the same number with green Venetians only. Within the Cutcherry Premises is also a Mahratta Baraduree, 75 feet in length, with tiled roof, (substituted last year for the original flat pucka roof) which has been used as a Sepoy Guard Room, also a pucka flat roofed Godown, 42 feet by 15, rather in bad repair.

These Premises are divided from the Residency Compound by the pucka wall mentioned in the description of the latter, and from the Bazar by a pucka wall from 5 to 8 feet high, having one gate-way. On another aspect, the backs of some of the Bazar houses form the boundary of this enclosure.

Moorshedabad, Collector's Office, the 4th August, 1834.

TO CAPITALISTS.—The Island of Kotoobdiah, attached to the Collectorship of Zillah Chittagong, the Property of the State, having, according to a measurement lately completed under the personal superintendence of the Acting Collector, been found to contain a total area of 2953 Droons, 10 Kanees, 17 Gundas, 3 Cowrees of Land, equal to about 56845 Biggahs, of which 1596 Droons, 2 Kanees, 15 Gundas are under cultivation, 192 Droons, 14 Kanees fallow, of old standing, and the remainder jungle and waste lands, of various descriptions, a considerable portion of which is capable of being gradually brought under cultivation. Tenders are hereby invited on the part of Capitalists for the Farm of the Island, which comprises the several Mehals assessed at the several Jummas detailed below.

The whole of the above Mehals are open to Farming offers, with the exception of the small Talook Azeemooddeen. Persons desirous of entering into Farming arrangements are requested to apply to the Acting Collector of Chittagong at an early date, stating the amount Annual Jumma they would be willing to engage at, the period they would be desirous of holding the Lease, and the Security they are prepared to furnish for the punctual discharge of the Engagements which may eventually be determined on.

The Island of Kotoobdiah is separated from the mainland by a deep and broad channel of the Sea, and is necessarily so distinct from the Lands of any other Zemindaries, as to preclude the possibility of boundary disputes. Rice, of a very superior quality, is its staple produce, the crops are extremely luxuriant, and the facilities for shipping the Grain for transport present an advantage not to be overlooked.

The eventual Farmers will be furnished with authenticated copies of the Signed Engagements entered into by the occupant Talookdars of the several Mehals.

Persons anxious to obtain more particular information are requested to apply to the Acting Collector.

GEORGE C. PROBERT, Esq. Collector.

Chittagong, Collector's Office, July 9, 1834.

No. 160 of 1834.—The following General Orders by the Right Honorable the Governor General of India in Council, dated the 1st instant, are published for the information of the Army:

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Ootacamund, 1st August, 1834.

The practice which obtains at all the Presidencies, of notifying the Promotion of Native Commissioned Officers in General Orders by the Commander in Chief being considered objectionable in principle, the Right Honorable the Governor General of India in Council is pleased to resolve, that, in future, all such promotions be made by the Government of the Presidency to which the Officers belong, and that the Commissions granted to Native Officers be signed and issued in like manner as Company's Commissions now are to the European Officers of the Army.

2. The Promotion Rolls and Recommendation of Native Commissioned Officers, sent to Army Head Quarters by Officers Commanding Corps, will be forwarded to Government by the Commander in Chief, with such observations in each case as His Excellency may consider necessary to submit.

CUSTOMS NOTICE.

THE following Rule has been adopted with a view to expedite Shipments of COTTON required to be passed from Screw Houses situated within the limits of this Office, on the opposite side of the River.

TO THE ASSISTANT AT HOWRAH.

"With respect to COTTON required to be Shipped from Screw Houses on the other side of the River, it has been the Rule that the Applications should first be brought to this Office, for the purpose of having an order inscribed upon them, directed to you, and requiring that you should report whether the Number of Bales stated upon the Applications, and of sizes and weight described therein, were actually forthcoming and Ready for Shipment.

For the future, this previous order will not be necessary, and you will, without it, be pleased to make the requisite report upon all such Applications for the Sea Export of COTTON as may be presented to you. To your signature and date, you will add the hour at which you make the report, and desire the Sukars, or Parties concerned, to take the Applications to the Custom House without delay, for due Registry and the issue of Perwanahs to permit Shipment."

COURT OF REQUESTS.

NOTICE is hereby given, that on the 1st of September
next, the Court of Requests will be removed
to the Premises in Old Court House Street, formerly
occupied by Messrs. MACKINTOSH and Co.

By Order of the Commissioners,

R. LESLIE, Clerk.

Court of Requests, 10th August, 1834.

CUSTOMS NOTICE.

THE following Rule has been adopted with a view to expedite Shipments of COTTON required to be passed from Screw Houses situated within the limits of this Office, on the opposite side of the River.

TO THE ASSISTANT AT HOWRAH.

"With respect to COTTON required to be Shipped from Screw Houses on the other side of the River, it has been the Rule that the Applications should first be brought to this Office, for the purpose of having an order inscribed upon them, directed to you, and requiring that you should report whether the Number of Bales stated upon the Applications, and of sizes and weight described therein, were actually forthcoming and Ready for Shipment.

For the future, this previous order will not be necessary, and you will, without it, be pleased to make the requisite report upon all such Applications for the Sea Export of COTTON as may be presented to you. To your signature and date, you will add the hour at which you make the report, and desire the Sirkars, or Parties concerned, to take the Applications to the Custom House without delay, for due Registry and the issue of Perwanahs to permit Shipment."

G. J. SIDDONS, Collector.

Calcutta, Custom House, 16th August, 1834.

**FORT WILLIAM,
SEPARATE DEPARTMENT,
THE 28TH OCTOBER, 1833.**

NOTICE is hereby given, that the Rules sanctioned in the year 1818 and modified in 1828 for Bonding the Inland Duty on Indigo, are rescinded.

Collectors of Customs in the Provinces are hereby authorized to comply with Applications for Free Passes to cover Indigo, under consignment to Calcutta, in quantities of not less than One Hundred Maunds.

The Rowannahs issued under this authority will specify the quantity of Indigo for which the Pass is granted, the place of consignment, the route by which the dispatch will be conveyed, and the District where it was manufactured.

In respect to Indigo imported into Calcutta under cover of a Pass as above provided for, the Collector of Sea Customs is hereby authorized to levy the Transit Duty at the time of Exportation by Sea in those cases in which the Duty would have not been returnable in Drawback according to the present Regulations if it had been paid at a Custom House in the Provinces.

By Order of His Excellency the Right Honorable the Governor General in Council,

G. A. BUSHBY, *Offg Sec to Govt.*

WANTED—A Treasurer in the Office of the Deputy Collector of Bulloah, Salary per Month Rupees 50. Unexceptionable Security to the extent of One Lac of Rupees will be required.
